## daily bible reading plan

For thirty years, one of the most significant ways that God has spoken into my life is through daily Bible reading. Reading the Bible is the first priority of a follower of Jesus; reading to encounter Christ! The Kings of Israel and Timothy, the young disciple, were commanded to read the Scriptures daily. The ancient custom of reading the Scriptures prayerfully, with focus, until the divine presence of Christ envelops the believer, causes the believer to experience the happiness of Christ. This divine interchange is the secret of a supernatural life. As you read, listen to God speaking to you, open up your heart and life to God. God's Word is living, active, and powerful and will cause you to be a partaker of God's very nature. - Pastor Jude Fouquier
